

HERE IS SOME INFORMATION ABOUT MY SCIENTIFIC CLASSIFICATION AND ORIGIN

KINGDOM _____

PHYLUM _____

CLASS _____

ORDER _____

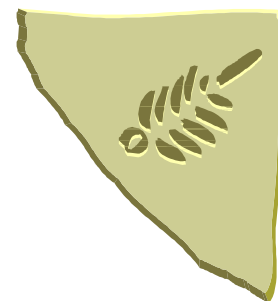

FAMILY _____

GENUS _____

SPECIES _____

SUB SPECIES _____

HONEYBEES PROBABLY ORIGINATED IN TROPICAL AFRICA AND SPREAD FROM SOUTH AFRICA TO NORTHERN EUROPE AND WEST INTO INDIA AND CHINA. THE FIRST BEES APPEARED IN THE FOSSIL RECORD IN DEPOSITS DATING ABOUT 40 MILLION YEARS AGO. AT ABOUT 30 MILLION YEARS AGO THEY APPEAR TO HAVE DEVELOPED SOCIAL BEHAVIOR AND WERE VIRTUALLY IDENTICAL TO OUR MODERN BEES.

HEY, DID YOU KNOW...

THAT IT WOULD ONLY TAKE ONE OUNCE OF HONEY TO FUEL A BEE'S FLIGHT AROUND THE WORLD!!
